get together!

projekt.kollektiv organizes a network meeting for young refugees, where they can share perspectives, needs and wishes regarding societal and political participation. There will be workshops and open spaces to connect with each other and for discussion:

- ▶ What are prerequisites for young refugees to really feel as a part of society?
- ▶ How can your voices become more recognized?
- ▶ Which possibilities and structures of (self-)organization exist?
- ▶ Where and how can we work together?

We have invited exciting initiatives, projects and multipliers to share their topics and present their work.
